WE'VE GOT YOUR BAG

ABOUT BURKELY

BURKELY was established in 1988 by a family-run company celebrating over 75 years of experience in the leather industry. As a third-generation family-owned company, we are proud of our rich heritage and excellent know-how. Our expertise in leather craftsmanship has been passed down and cultivated from grandfather to son and now to grandson. For years, BURKELY was one of the few leather companies producing goods in the Netherlands; but in 1993, our founders travelled the world to find the best leather crafts persons. With a great history in leathercrafts and passionate artisans, India perfectly met our requirements.

We've bundled our joints by colliding the Indian craftsmanship with our devoted Dutch designers to create products honouring the art of leathercraft. We consider all our employees and business partners as extended family who contribute to the success of BURKELY. We want to make a difference by bringing smiles to peoples' faces. That is why we believe in building long-lasting, joyful relationships across the globe. We stay in close contact with our partners daily and visit them frequently. We show our commitment by helping each other grow and display our involvement by supporting one another. These gestures show how our business partners are genuinely part of our family. Togetherness and inclusivity also are vital pillars of our BURKELY team. We work hard but also play hard together to achieve our goals. Without our devoted workforce committed to joining forces, BURKELY would not be what it is today.

THE COLLECTION

SPRING/SUMMER 2025

"The greatest act of courage is to be and own all of who you are—without apology, without excuses, without masks to cover the truth of who you are." — Debbie Ford

Amidst the rapid changes of our world, we all face different life lessons. Do we succumb to the belief that a 'perfect' life is attainable and artificial standards must be pursued, or do we find solace in accepting unfiltered reality while staying true to ourselves? In these transformative times, staying true to oneself can be a bold act of defiance against the pressure to conform to deemed standards. We believe that truth builds trust, and holding onto our true essence is key to our long-term success.

While fast fashion might offer cheap thrills, BURKELY stands as a beacon of authenticity and enduring quality. Our Spring/Summer 2025 collection is crafted for those who value long-term elegance over momentary fashion, intentionally created through minimalist yet sophisticated styling elements. Our multipurpose bags are perfect wardrobe staples that go with anything while showcasing your individual style. There is no better way to radiate your most authentic self than by immersing in what feels good.

A palette of gentle neutrals inspired by the hues of nature's returning rhythm ensures your BURKELY bag will never go out of style. We've also added joyful highlights like fresh rosey pink and unapologetically bold gold that shines as bright as the sun, because we believe a smile is the most lavish thing you can wear.

Durability is at the heart of our creations. We are committed to sustainability, working closely with our lifelong partners to ensure every step of our production process is honest and transparent. All our producers are BSCI certified, upholding the highest standards for worker conditions and rights. Inspired by nature, we source part of our collection's leather from tanneries certified by the Leather Working Group (LWG), promoting sustainable practices in the leather industry.

Our bags are crafted to last a lifetime, with heirloom quality that withstands the test of time. Each BURKELY bag is designed for long-term use, and with our unique 5-year warranty, we stand by our promise of quality and sustainability. We encourage correct care and mindful mending over rapid replacements.

Which carefree companion will you choose to carry your essentials with style and ease? At BURKELY, we've got your bag.

ROGUE ROBYN

In a sea of disposable trends, our brand-new Rogue Robyn range stands out by embracing the natural beauty and authenticity of artisanal quality. This collection takes a nature-inspired approach to functional design, celebrating the unique character of natural materials and the enduring craftsmanship of skilled artisans. As a conscious company, we value tradition through artisan details, such as hand-sewn patchwork panels and cross-stitch embroidery, infusing each piece with the personal touch of its maker. Our lived-in tinted neutrals, such as "Cool Cognac" and "Garden Green," emphasize the weathered look of our sturdy buffalo leather, while "Gull Grey" offers a softer, feminine touch to utilitarian styles. The new deep heat embossed logo flaunts our heritage, complemented by bold sign-offs on the webbing shoulder straps, enhancing the workwear feel. Inside, the light-coloured natural unbleached lining showcases the seeds of the cotton plant, emphasizing an organic look and making the ample space easier to navigate. The Workbag 15.6" makes your daily commute hassle-free with easy-access device compartments, perfect for securely storing your laptop & phone. The detachable wide webbing shoulder straps provide extra comfort, a feature also found in our Shoppers, Hobo, and Shoulderbag, making them versatile companions for every day. Just like our enduring Crossbody Bag, our Shopper Mini, our designer's favourite, combines casual cool with cuteness, ideal for lighter days. Designed for those who value fashion and function, these bags are your perfect partners in everyday adventures. We've got your bag for every moment.

BUFF BRAVO

The high-quality waxed rugged buffalo leather used for this range showcases the natural traits of the skin, making each bag unique. The leather's open structure allows it to age naturally, becoming softer and more vivid with use and developing a beautiful patina that tells your personal story. Marks and blemishes are proof of genuine leather, offering an honest representation of nature's perfect imperfections. To maintain the integrity and extend the longevity of your Buff Bravo bag, we recommend nourishing it with a carbon wax spray. This will protect the leather from moisture, dirt, and oils, ensuring it remains a cherished companion for years to come.

NATURAL NORAH

In a world that chases after perfection and values flawlessness, we find charm in genuine natural products that are vivid and built to last. Genuine leather is a remarkable material that embodies authenticity, uniqueness, and enduring quality. It undergoes a meticulous process to become the versatile and cherished material distinguishing itself from unsustainable synthetic alternatives. The beauty of our favoured Natural Norah range lies within its materials. The subtle details, such as the silent seams and decorative hand-stitching, alongside our natural embossed branding, reflect the care and craftsmanship of their creators. Our collection comprises straightforward, timeless pieces like the beloved multipurpose backpack hobo. The upgraded Workbag 14" is now more spacious and includes a detachable laptop sleeve for versatile use. We have also added our bestselling Phone Bag, featuring a detachable wristlet and ample card storage. The feminine rounded shapes of our Hobo, Shoulderbag, and Satchelbag Round emphasize the absolute softness and drape of the leather. Each item is thoughtfully designed for practicality, featuring additional interior and back pockets to keep your essentials easily accessible. Beyond the classic palette of essential hues, we embraced summer with refreshing colours like "Yolk Yellow" and "Poppy Pink," bringing a lively bright touch to your everyday look.

NATURAL DYE

Our drum-dyed full-grain cow leather undergoes a unique washing process, creating distinctive colour shading that adds character to each bag. The smooth, soft finish with a subtle glossy effect makes each piece truly one-of-a-kind. Embrace the natural traits of this leather, including minor blemishes and variations in colour, which showcase its authenticity and uniqueness. Due to its open nature, this leather benefits from extra protection against water, direct sunlight, and heat. Each bag is designed to age gracefully and tell your story with a beautiful patina, enhancing its character and charm. Due to this natural process, colour inevitably may fade under the influence of direct (sun)light. To care for your bag, store it in a cabinet or soft dust bag to protect it from direct sunlight and heat when not in use, which will help maintain its longevity and beautiful shade. We recommend treating your bag with a carbon wax spray for optimal protection against moisture, oil, and dirt. To nourish and revive the colour when needed, use a neutral leather cream. By giving your BURKELY bag the attention it deserves, you can enjoy the enduring beauty of its unique leather craftsmanship for years to come.

COOL COLBIE

Recognized as one of our most iconic and longest-running success stories, our Soft Hunter collection has long symbolised enduring style, authenticity, and integrity. The beauty of this leather is in its natural hues and traits of the hide, making each bag unique. The signature 3D crocodile print has been playfully interrupted with plain decorative seams. The structured shapes come in summer-ready neutrals like "Natural Nude" and "Chalk White," finished with brushed nickel BURKELY branded trimmings for a contemporary touch. Those taking a second glance will be surprised by our lucky cheetah mascot travelling along on the phone pockets inside the bags. Our trusted selection of work-related bags with plenty of pockets for various devices is excellent for commuters. Our brand-new timeless Workbag 13.3" is now executed with a detachable sleeve, which allows it to be worn as a handbag, whereas the newly introduced Weekender is perfect for your weekend getaways. The Crossbody Flap is the ultimate for your nights out where you are sure to stand out with our new bold Grandeur Gold colour. Whether you're heading to the office or enjoying a casual outing, this range has a bag for every single moment.

SOFT HUNTER

Our Soft Hunter bags are companions on life's journey. Made from high-quality waxed cow leather, each bag boasts an authentic and natural look. The leather's open structure gives it a unique texture and a one-of-a-kind feel. As you use the bag, it will develop its own character, becoming softer and smoother with each use. The natural ageing process creates a beautiful patina, adding to its charm and uniqueness and telling your personal story. To preserve your bag's legacy, we recommend using a carbon wax spray. This nourishes and protects the leather from moisture, dirt, and oils, ensuring it ages gracefully. By doing so, your bag will become a cherished heirloom enriched with your stories and adventures. Additionally, storing your bag in a dustbag or cabin to avoid overexposure to sunlight will help preserve its beauty and durability.

ALWAYS ALYX

There is a time in our lives when we exist as we are, unburdened by bias, undimmed by prejudice, and unfettered by societal norms. It is the time when we are children and find solace in life's simple joys. Always Alyx brings a renaissance of reimagined classics inspired by these childlike favorites. Retro leisure details, such as color-blocked enlarged logos and sporty webbing shoulder straps in crayon-like hues like 'Gummy Green' and 'Powder Pink,' add a much-needed dose of levity to our collection.

Our new Bowler Bag is this season's must-have, offering ample space for all your essentials. Its smaller counterpart, the Bowler Bag Small, is perfect for today's adventures. The collection celebrates the endless possibilities that arise when everyday functionality meets unconventional design. The double shoulder bag showcases versatile 'fun-conventional' styling, with at least five different ways to wear it thanks to two types of shoulder straps and optional rings. The Crossbody Clutch also offers multiple carrying options with its detachable shoulder strap and wristlet. Each piece is crafted to bring joy and versatility to your wardrobe, reminding you of the limitless potential in fashion and life.

FOSSIL

This smooth pigmented cow leather has a slight natural sheen and a subtle corrected grain effect. Thanks to the coated colouring process, the leather is well-protected and user-friendly. Any spots or stains can be removed with a damp cloth, and the leather does not need much care and maintenance. To optimise the longevity of your bag and ensure optimal protection against moisture, oil, and dirt, we recommend treating it with a nourishing carbon wax spray.

NATURAL MELLOW

At BURKELY, we believe in the beauty of nature, allowing our bags to grow more beautiful over time as they store all your memories. To achieve this, we naturally drum-dye our leather, adding only minor surface finishing to celebrate the perfect imperfections akin to our own skin. Natural blemishes are a unique verification of genuine leather and should be seen as evidence of nature's perfect imperfections. Shade variations are proof that each hide is unique and absorbs dyes differently. Just like your own skin, you can easily extend the beauty and longevity of your BURKELY bag by nurturing it correctly. Due to the natural aspects of our products, we always advise you to protect your bag from prolonged exposure to water, direct sunlight, and heat. Store your bag in the complimentary dust bag and treat it with a carbon wax spray for optimal protection against moisture, oil, and dirt. Pamper it with neutral leather cream to nourish and revive the colour when desired.
